Cynthia >

I can't have a relationship with someone as mean as you.

You treat your mom as your wife and your wife as your mom

And you were raised to do so

You cannot have a healthy relationship with anyone because you don't have one with yourself

You get that?

You threw out Logan's card ... cause you want to spite me , liek my family pictures.

That's just evil.

No that's again all in your head

You have issues to make a big deal out of card

The gaslighting.

I cleaned up your clustered closet cause it's disgusting to live like that

That's not gaslighting

Cinthia

Sure.

My family pics is in my head.

It's a carton that he did not to and if you're attach to this ask yourself why? If you feel that represents a relationship with your son ask why

Your a nasty human cinthia. I'm done having empathy for your.

2 Replies

I don't give a fuck about these because what's meaningful is my saying to me "I love you mama", hugging me and kissing me

Your a nasty human cinthia. I'm done having empathy for your.

2 Replies

Again meanness for no reason due to your mental issues

Calling me a nasty human for no reason using the card as shield

Sure when you can't see the evil in

Cinthia >

No you are

Bye.

Your family is

Again proof

What a horrible monster

Wow watching Logan aren't we ???

Bye

Yes being there for him while you are not

That's why he hates you

And you know it

And sadly he hates your mom and everyone in your family

Because he sense the difference

Boots

So sad

But instead of admitting and reflecting

You deflect like a narcissist
